PUBLIC HEARING - 2020 LAND USE PLAN - 504 & 510 KEMPER ROAD

Vice-Mayor Williams opened the floor for a Public Hearing to consider amending the Year 2020 Land Use plan for 510 Kemper Road and to rezone property located at 504 and 510 Kemper Road. Notice of the Public Hearing had been duly published in the Danville Register and Bee on June 29 and 28, 2005.

Attorney Lee Yancey appeared for applicant Bill Smith. Mr. Yancey said the properties had a combined area of .52 acres and Mr. Smith was requesting that the property be rezoned from OT-R Old Town Residential to "Conditional" N-C Neighborhood Commercial. He said the properties in question were currently operated as a convenience store and a Laundromat, respectively, and currently operating under nonconforming status. Mr. Yancey said the property was originally zoned "commercial," but when the new zoning ordinance took effect, the property was zoned as OT-R. He asked Council's approval of the rezoning in order to bring the convenience store under a conforming status, but the Laundromat would remain legal nonconforming. Mr. Yancey said the applicant had proffered conditions that would help protect the adjacent neighborhoods from increased commercialization in the future and also protecting his investment in the existing commercial use.

No one further desired to be heard and the Public Hearing was closed.

Council Member Archie moved adoption of an Ordinance entitled:

ORDINANCE NO. 2005-07.02

AN ORDINANCE AMENDING THE YEAR 2020 LAND USE PLAN FROM URBAN SINGLE FAMILY TO COMMUNITY SERVICE AND REZONING FROM OT-R, OLD TOWN RESIDENTIAL TO "CONDITIONAL" N-C, NEIGHBOR COMMERCIAL DISTRICT, 510 KEMPER ROAD.

Council Member Oakes seconded the Motion.

In response to Council Member Oakes, Mr. Gillie said if the laundromat ceased operations for more than two years, the business could not reopen without coming before Council to request a waiver.

Council Member Daniels felt this was a form of spot zoning that did not benefit the neighborhood and the zoning should remain as is. Mr. Daniels said he felt it was the responsibility of the owner to come before Council to prove them right or wrong if there was any conflict related to the zoning.

Council Member Smith asked if the two properties could be consolidated and a larger, higher use building put on the property if the zoning request was approved. Mr. Gillie said one condition was no usage over 3,000 square feet, so the size of the building would be limited. Also there could be no additional uses on the property.

Mrs. Archie reported that she had attended the Senior Citizens Fourth of July celebration on June 29 that included a picnic lunch.

Mrs. Archie reported she recently had participated in an event at W. W. Moore, Jr. Detention Home. She advised each month the facility stresses a character trait. Mrs. Archie said she spoke on kindness, the trait for the month of June. Several certificates were awarded to students for showing kindness. Mrs. Archie advised there were very smart students at W. W. Moore and several had received perfect scores on SOLs. She expressed pride at the work Principal Davis and the staff were doing at the facility.

Mrs. Archie expressed pride that Danville Schools are 37th out of 136 school districts that pay more per student for education.

Mr. Daniels commended the Parks and Recreation Director and staff for the excellent Fourth of July weekend activities that were well attended.

Mr. Smith said there needed to be further discussion on vermin and nuisances in the City.

Mr. Smith asked if there was an Ordinance that regulated the number of dogs that could be kept in residences. He said it seemed the vicious dogs that were escaping were coming from homes with many dogs. Mr. Smith said the City could certainly restrict the concentration of dogs in any one place. He felt that a limit to breeding dogs in residential areas for public/commercial use should be considered along with other matters relating to vicious dogs. City Manager Gwaltney agreed to research the issue and report back to Council with his findings.

Vice-Mayor Williams agreed the vicious dog and rat infestation issues should be fully addressed. Dr. Williams agreed with Mr. Daniels in that the responsibility of accepting right-of-ways that had been relegated to the Planning Commission should be reconsidered. He said when the new zoning ordinance was approved, Council Members knew there be some fine-tuning as issues arose. Dr. Williams said this matter should be looked at again.
